VISION

Make in India. Make for the World.

ABOUT THE CONFERENCE

India is importing plastic finished goods worth Rs. 37,500 crores per annum. Therefore, Indian plastic industry needs to become Atmanirbhar by focussing on import substitution. To be able to achieve the same, Indian plastic industry needs to step up in to a phase of rapid development of plastic products (speed to market). The conference aims to exchange latest technologies and ideas, new modes and new experience for the development of plastics industry so as to ultimately lead and push forward rapid development of plastics products via use of technologies.

OBJECTIVE OF THE CONFERENCE

Main objective of the conference is to help the industry in import substitution thereby helping them to manufacture 'Make in India – Make for the World' plastic products. The agenda of the conference is to empower the industry with the necessary tools, technologies, raw material selection, and know-how to manufacture high quality plastics products. Emphasis would be given on more than 500+ identified plastic products that are being imported in large quantity. Sessions on Innovations in Raw material & Supply Chain requirement, Innovative Plastic processing Technologies & Requirement of Tooling, Dies & Jigs Fixtures for Import Substitution, Technology innovation in plastic processing machinery, automation and processing technologies & Industry 4.0.

Benefits Expected due to Import Substitution:

Replacement of Imported Plastic Goods worth Rs. 37,500 crores would result in huge business opportunities for plastic processors, additional requirement of around 16000 plastic processing machines & Four million tons of Raw Materials.

OUTCOME

- Business opportunities due to Import substitution
- Business and Revenue growth
- Exposure to technology growth enablers
- Manufacturing of high quality plastic products at faster speed (Speed to Market)
- Business networking with importers of plastic products
- Exposure to new international markets due to export potential

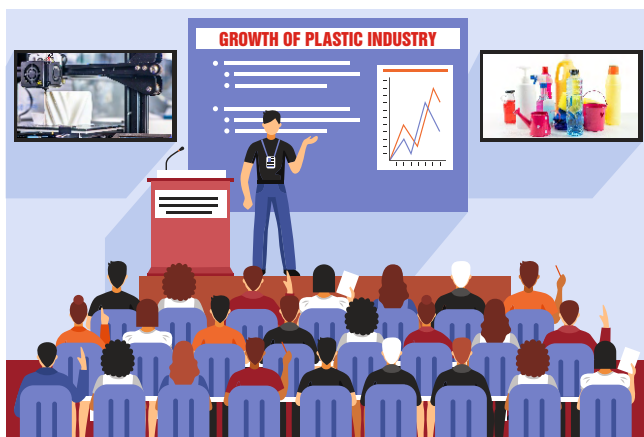

WHO SHOULD ATTEND?

- Plastic Processors
- Plastic Finished Goods Manufacturers
- Plastic Processing Machine Manufacturers
- Raw Material Producer
- Tool & Mold Makers
- Product Designers
- Plastic Packaging Manufacturers
- Consultants & Professionals
- R & D professionals

CONFERENCE HIGHLIGHTS

- Import substitutions
- Meeting between Importers & Manufacturers
- Network with Visionaries & Technology Leaders
- Showcase latest tools and technologies
- 300+ Industry Participants at each Location
- Stall space (Technology Showcase)

CONFERENCE SESSIONS

- Import Substitution - Big Opportunity for the Plastic Industry
- Innovations in Raw material & Supply Chain requirement for Import Substitution
- Requirement of Innovative Plastic processing Technologies for Import Substitution
- Requirement of Tooling, Dies & Jigs Fixtures for Import Substitution
- Roadmap to become Atmnairbhar in Plastic Goods – Panel Discussion (Quality, Cost, Delivery, Innovation)

WHY PARTNER WITH US?

- Leadership Demonstration - showcase your commitment to 'Make in India. Make for the World.'
- Network with Decision Makers of the Industry
- Brand Positioning and visibility
- Put your business in the spotlight, connected with your target market, High user engagement.
- Credible partner, credible platform, one on one connect

Why Partner with us?

- Leadership Demonstration- showcase your commitment to "Make in India".
- Network with Decision Makers of the Industry.
- Brand Positioning and visibility.

Stall Opportunities

- Promote your Company and Products by exhibiting during our Conference.

Stall fee is inclusive of the following:

- Shell stand will include three/two sides partitioned stall.
- 2 chairs, 1 table, trash bin.
- Complimentary entry passes for two company staff.

Exclusive of 18% GST

1st Technology Conference for Growth of Plastic Industry Import Substitution of Plastic Goods organized by AIPMA at India Habitat Centre, New Delhi

NEW DELHI. 1st Technology Conference for Growth of Plastic Industry was organized on 26th May, 2023 at India Habitat Centre, New Delhi. This conference was attended by more than 400 industries including senior government officials, visionaries of the industry, researchers and entrepreneurs. The Technology Conference was inaugurated by Guest of honour Shri Arun Baroka, Secretary, Department of Chemicals and Petrochemicals, Govt. of India, and Special guest of honour Ms. Mercy Epao, Joint Secretary, Ministry of MSME, Govt. of India and various industry luminaries. Shri Arun Baroka, enlighten about the AIPMA's work on listing out 553 imported plastic goods and also congratulated for organising this conference.

AIPMA is organizing Six Technology conferences for Growth of Plastic Industry across the country with the objective of Import substitution of plastic goods. These conferences are supported by Ministry of Micro Small and Medium Enterprises, Government of India, Department of Chemicals and Petrochemicals, Government of India, Department of Commerce, Ministry of Commerce & Industry, Government of India. Main objective of these conferences are to help the industry in import substitution thereby helping them to manufacture "Make in India – Make for the World" plastic products.

As a part of inaugural ceremony, chief guest also inaugurated 'Display of Imported Plastics Products Booths'.

Mr. Mayur D Shah, President, AIPMA welcomed dignitaries, speakers and attendees and highlighted various activities undertaken by AIPMA for ensuring growth of plastic industry in India. He said that the plastics industry is a major contributor to India's economy by manufacturing goods worth ₹3.5 lakh crore annually. Mr. Arvind Mehta, Chairman, Governing Council, AIPMA and Chairman, AIPMA's AMTEC informed participants about vision, mission and objective of AMTEC.

During the conference, sessions were divided into various interesting topics like Innovations in Raw material & Supply Chain requirement for Import Substitution, Requirement of Innovative Plastic processing Technologies for Import Substitution,

Requirement of Tooling, Dies & Jigs Fixtures for Import Substitution, Roadmap to become Atmnairbhar in Plastic Goods (Quality, Cost, Delivery, and Innovation) Initiative taken by AIPMA was highly appreciated by the Government and the industry. Similar conferences would be held in Mumbai, Kolkata, Chennai, Ahmedabad, and Bangalore in upcoming months.

As per the mandate of Hon'ble Prime Minister, Shri Narendra Modi to reduce import dependence and become Atmnirbhar, The All India Plastics Manufacturers' Association has conducted a detailed study on import of Plastic goods in the country. As per the study, plastic goods worth Rs. 37,500 crores were imported in 2022-23. 48% of this was from China. After detailed analysis, AIPMA has selected 553 plastics for import substitution. It is estimated that import substitution of plastic goods worth Rs. 37,500 crores would create additional requirement of around 4 Million Tons of Raw material per annum and 16,000+ plastics processing machines including Tools, Moulds, Jigs and Fixtures. It would also create 5 lacs additional jobs in the country.
